Khawaja Asif stated that India's policymakers have been compelled to reassess their policies in light of Pakistan's strong response.

When asked about potential talks, he emphasized that Pakistan would prioritize three major concerns including Indus Water, Kashmir and terrorism which need to resolve and ensure peace in the

region. These issues have been longstanding points of contention between Pakistan and India and resolving them would require significant diplomatic efforts.

Pakistan's stance on these matters is clear and any meaningful dialogue would need to address these core concerns, he mentioned.

To another Khawaja Asif remarked that India's arrogance was humbled. They misconstrued Pakistan's restraint for weakness but the armed forces delivered a decisive

verifiable facts, which were acknowledged by both allies and neutral observers. India's narrative, often amplified by partisan media disinformation netand works, collapsed under scrutiny, rendering it a source of ridicule in many international Moreover, credible evidence of Indian support for terrorism in Balochistan and former FATA regions began to surface, reversing years of diplomatic pressure that had painted Pakistan as a state sponsor of terrorism. For the first time in decades, the burden of proof and justification had shifted decisively.

Strategically, the operation undid years of Indian efforts to de-hyphenate itself from Pakistan in global diplomacy. The subcontirenewed clarity. Pakistan lesser party in a binary

temporarily, eclipsed by a frame, but as a rational, capable actor with legitimate security concerns and the capacity to defend them. The Kashmir dispute, long buried beneath economic interests and strategic convenience, re-emerged in diplomatic corridors as a ticking fault line demanding resolution. More importantly, Pakistan's proposal for a structured dispute resolution mechanism with India gained traction as the only viable path forward.

Operation Buny?n un Marsoos reaffirmed a principle too often sidelined in policy debates: national security is non-negotiable. Diplomacy, economic planning, and international engagement all rest on the foundation of credible defence.

Pakistan's performance in May not only safeguarded its territorial integrity but also restored its strategic credibility, both regionally and globally. It demonstrated that restraint must be chosen, not imposed-and that in nental lens returned with choosing it from a position of strength, a state reclaims was no longer seen as the not only control over events but also over its narrative.

CAREER OPPORTUNITIES

(The Urban Mobility Company)

TransPeshawar (The Urban Mobility Company), is a Company set up under Section 42 of the Companies Act, 2017, and is responsible for Project Implementation, Management and Maintenance of Urban Rapid Transit Projects assigned by the Khyber Pakhtunkhwa Urban Mobility Authority. The company is seeking for dynamic, experienced and self-driven professionals for the following positions:

Construction is responsible to deliver on the Company's Engineering, or Transport Planning and Engineering, or related fields from a

Ceasefire, a victory for peace: Pervez Ashraf

LAHORE (APP): Pakistan People's Party (PPP) Central Punjab President and former prime minister Raja Pervez Ashraf showered praises on armed forces and termed the recent ceasefire agreement between Pakistan and India as a "victory for peace."

In a statement issued here on Sunday, Ashraf expressed his gratitude to friendly countries including Saudi Arabia, Turkey, Iran, and the United States for their diplomatic support in de-escalation between the two South Asian neighbours. He said the ceasefire was made possible due to Pakistan's measures and strategic response following the Indian incursion. He also congratulated Pakistan armed forces and political leadership for their unified

stance and effective handling of the situation.
"The entire nation should offer prayers of thanks for the victory", the former premier said, adding that "longstanding disputes in the region must be resolved through dialogue and diplomacy. He emphasized the importance of regional cooperation and peaceful negotiations to ensure lasting stability in South Asia.

Showbiz personalities pay tribute to Pakistan Army

LAHORE (APP): Famous showbiz personalities have paid tribute to the Pakistani Army over the historic success in Operation "Bunyan-un- Marsoos". Actor Imran Ashraf told APP that the Pakistan Army and the people have become the best in front of the whole world. He said that Operation Bunyan-un-Marsoos emerged successful within a few hours, the people stood by the Pakistani army and proved that the attack will be responded to with full force He said the Pakistan Army had proved that every force that attacks us will face the same fate as India. Actor Yasir Nawaz said that the Pakistani Army taught India a lesson by giving a befitting reply that it would always remember Salute to the unparalleled bravery of the Pakistani Army. Long live Pakistan. Long live the Pakistani Army, he said while expressing his gratitude. Likewise, Actor Ahsan Khan said that the Pakistan Army raised the name of Pakistan and its people all over the world. We have always heard that the defence of the nation is in strong hands, and Alhamdulillah, this has been proven today.

ETEA's efforts for transparency commendable: Meena F.P. Report

PESHAWAR: Khyber Pakhtunkhwa's Minister for Higher Education, Archives and Libraries, Meena Khan Afridi, has praised the timely action taken by the Educational Testing and Evaluation Agency (ETEA) Khyber Pakhtunkhwa against illegal activities during the Primary School Teaching Test held on Saturday at an examination center in District Bannu. In a special statement issued from his office on Sunday, the provincial minister stated that ETEA, while upholding transparency, brought the involved individuals to justice — strengthening hopes for further improvement in the system. In this regard, the minister was presented with an initial investigation report by ETEA, which revealed that during the test held on May 10, a candidate at ETEA's exam center established at the University of Science and Technology Bannu left the hall with the question paper and answer sheet and reached a guest house, where the paper was being solved and leaked. Acting on a tip-off, ETEA officials, along with the district administration and police, raided the guest house and caught ten individuals red-handed. According to the report, authorities seized one laptop, a scanner-cum-photostate machine, ten mobile phones, and several ETEA papers. It was further disclosed that the group was in contact with candidates at ten different examination halls in Bannu. An FIR has been registered at the Mira Khel Police Station in Bannu, and further investigations are underway. Meena Khan Afridi remarked that arresting the entire gang is a significant step in cleansing the system of corrupt elements. "We will not compromise on merit under any circumstances," he said, adding that he has directed the formation of a highlevel inquiry committee to conduct a thorough investigation into the matter.

In brief

Charsadda supports Army

CHARSADDA (APP)

A wave of celebration Charsadda following Pakistan's response to unprovoked aggression on Sunday. Streets and markets were adorned with national flags, creating a festive atmosphere throughout the district. Following a timely and strong response to India's misadventure by Pakistani armed forces, people across the counincluding Charsadda, expressed

pride and patriotism. The excitement among locals was much palpa-Assistant Commissioner Riaz Khan led the way by decorating key areas such as Farooq-e-Azam Chowk,

Charsadda Bazar, markets, entry and exit points, and government buildings with the green and white Pakistani flags. He also distributed flags among the citizens, while many vehicles were seen carrying the national flag solidarity.

Charsadda's bazaars echoed with chants of "Long Live Pakistan" and "Long Live Pakistan Army." The nationwide enthusiasm reflected in the decorated streets, marketplaces, and public buildings served as a powerful message of unity and love for the homeland and it's armed forces. Citizens' patriotic zeal was also widely visible across media platforms.

Hundi suspect arrested

MULTAN (APP): The Federal Investigation Agency (FIA) Multan Zone apprehended a suspect involved in "Hawala Hundi" and illegal currency exchange on Sunday. According to an FIA spokesman, the suspect, identified as Haroon Rashid, was arrested during a targeted operation at Nag Shah Chowk. FIA teams ecovered Rs505,000 from his procession, along with crucial evidence, including transaction receipts and a mobile phone linked to illegal activities. The spokesperson said that the accused failed to provide satisfactory justification for the recovered amount. The FIA has initiated an investigation, while efforts are underway to trace and arrest his accomplices.

Ten power

pilferers held SARGODHA (APP) Faisalabad Electric Company (FESCO) on Sunday caught 10 power pilferers from various parts the district. According to Fesco sources, Sub-Divisional Officers (SDOs) along with staff conducted operations power theft in Gill Wala Bhattak, Noori gate area, Lahore road, Queen chowk and Muhammadi colony and arrested 10 power thieves including Ghulam Rasool, Shah Saleem, Mujtaba Shah, Ahmed Shair, Noor Ullah, Amir Khan. Ghulam Asmatullah, Bagir, Shafique and Rabnawaz while steeling electricity. Further action was underway.

PFA seizes tea leaves

MULTAN (APP): The Punjab Food Authority (PFA) dismantled a large-scale adulteration unit involved in producing fake tea leaves at the Truck Adda near Jehanian Bypass in Kabirwala. Acting on a tip-off, a food safety team raided the production site and seized 500 kilograms of substandard tea, 5 kilograms of artificial colours and processing machines. According to the DG Food Authority, used tea leaves were being dried, dyed with hazardous colours, and repackaged for resale in

the local market.

welcomes

BANNU: Khyber Pakhtunkhwa's Minister for Public Health Engineering, Pakhtoonyar Khan, has welcomed Chler Minister Ali Amin Khan Gandapur's notice of the alleged irregularities and reported paper leak during the Educational Testing and Evaluation Agency (ETEA) screening test held in Bannu on Saturday.

In a statement issued from his office, the minister strongly rejected the baseless and malicious propaganda being spread against him by political opponents in the wake of the incident. The minister said that one of the individuals arrested in connection with the case is affiliated with a rival political party

— a party that, according to him, has resorted to cheap tactics after defeat in

the political arena. Pakhtoonyar Khan further said that a political figure based in Peshawar, who falsely presents himself as a constitutional office holder and is occupying a lavish government residence, is also supporting the culprits involved in

He added that house which was raided during the investigation is owned by a member of the same political party that claims to uphold the rule of law and whose owner is reportedly a member of that party's provincial council.

The provincial minister said he reserves the right to take legal action against campaign smear launched against him.

CM Balochistan announces support for sportsmen, athletes; Boxer Waseem awarded Rs 100 mln

QUETTA (APP): Balochistan Chief Minister, Mir Sarfraz Bugti, has announced a landmark initiative to support sportsmen and athletes across the province, emphasizing the government's commitment to reviving sports grounds and nurturing local talent. Speaking at an event in Quetta marking the successful hosting of the Pakistan International Boxing Championship, CM Bugti declared a cash prize of Rs 100 million for Quetta-born boxer Muhammad Waseem, who recently won the WBA World Gold Bantamweight Title. The event marked the first time an international boxing championship was held in Pakistan. CM Bugti praised the achievement and extended congratulations to the event organizers. Bringing such a major global boxing event to Balochistan is no less than a dream come true," he said, recognizing the pivotal roles played by Lieutenant General Rahat Naseem Ahmad Khan, Commander Southern Command and worldrenowned boxer Muhammad Waseem in making it possible. The Chief Minister reiterated that Balochistan is rich in untapped sports talent and assured that his administration will provide full support to athletes so they can shine on international platforms. He also acknowledged the historical neglect of sports in the region, attributing it to external forces aiming to discourage youth from engaging in positive activities. "The boxing event reflects that the people of Balochistan are peace-loving and passionate about sports," he added. CM Bugti also paid tribute to the Pakistan Armed Forces for their role in ensuring peace and security, stating that the resilience and bravery of Pakistan's Army forced the enemy into a ceasefire. He especially thanked Chief of Army Staff (COAS) General Syed Asim Munir, the Chief of Naval Staff, and the Chief of the Air Staff for their commitment to securing a better and safer future for the youth.

An American Pope who sympathises with the poor

The election of Chicago-born Cardinal Robert Francis Prevost as the new head of the 1.4 billionstrong Roman Catholic Church on Wednesday was swift and smooth. The conclave of cardinals deliberated for two days before they chose Prevost, who had worked in Peru for many years as the successor to Pope Francis who had passed away in April at the age of 88.

Cardinal Prevost has chosen to be called Leo XIV. He belongs to the Order of St. Augustine even as his predecessor Francis belonged to the Society of Jesus, also known as Jesuits. The question on everyone's mind was who will succeed Pope Francis who had brought in extraordinary qualities of moral leadership, and reached out to people across faiths. It is too early to say what will be the worldview of Pope Leo XIV.

The initial curiosity about him will be about him being an American. The question is certain to crop up as to what kind of an American he is, and whether his American roots will shape his papacy. There are clean signs that he is an American who identifies himself with the poor. Though born in a wealthy country, he had spent his time in one of the poorest countries in South America, Peru. Cardinal Prevost is known to be a critic of American President Donald Trump. That in itself reveals a lot about the new Pope. In a surprise, President Trump greeted the new Pope and underlined the fact that he (the Pope) was an American.

Apart from the fact that he is drawn to close to its borders, is also a the poor, there is not much known about source of vulnerability that Pope Leo XIV's views on controversial creates mindset. issues facing the Roman Catholic Church. There is the issue of abuse of the young by Catholic priests in many parts of the world which poses a big challenge. Not many were happy with the response of Pope Francis. Similarly, it is not known what his views are on the issue of Catholic priests getting married, about women priests, and about gay priests. It would appear that he would lean towards conservatism, and he would not take bold steps that could prove to be risky for the stability of the Roman Catholic Church.

But with his social and political stance on poverty and equality, which seems to be inspired by Leo XIII (1878-1903), who criticised both capitalism and socialism, and suggested a Christian middlepath of justice and harmony, he could be seen as a promising leftist Pope. What stands out about Leo XIV is the fact that he does not enjoy being in the limelight. that he would pursue his programmes in a quiet manner, and lead the church in a balanced manner.

Perhaps it is his quietness that led the other cardinals to choose him as the Pope. The church wants to shun controversies and remain a stable centre of millions of the faithful around the world, and Leo XIV seems to be the man to provide the stability and quietness.

The new Pope has also emphasised in his first address as the head of the Vatican that he wants people to return to the church, and true to the principles of his Order of St. Augustine, he feels that individual Christians would be incomplete unless they are part of the church as a community.

It is the emphasis on the communitarian aspect of religious life that could mark out the papacy of Leo XIV. But the new Pope would be compelled to take note of the internal decay that has crept into parts of the church edifice and he would need to clean it up. But it looks like that he would do it in his own quiet manner and will take his own time to do it.

Democratic administration eventually takes power, that shift will be hard to reverse.

The golden rule for any government should be simple: Serve the national interest. Yet, the concern with previous US administrations was that they often appeared to willingly make decisions that ran directly against America's core interests, especially in the

Some of this could be chalked up to incompetence or ignorance. But the greater fear is that it was intentional, driven by the rise of global far-left agendas that harbored resentment toward their own and identity.

We have witnessed grievance politics, "woke" war against family values, faith, and basic common sense — a new radical version of postmodernism that perhaps deserves to be called the "post-commonsense era.

Despite fierce criticism, the Trump administration arguably saved the US and by extension the broader Western world — from falling into that abyss. It did so by enacting dramatic course corrections to stabilize America's future trajectory.

his second term, Trump is doubling down on this approach, particularly in the Middle East.

In regional policy, the US leader has remained clear-eyed, and impatient with rigid bureaucracy. He wants real, immediate change, not decades of lead nowhere.

US interests in the region from Israel on Middle has long been the Israeli-Palestinian conflict. While the US has maintained strong relations with most Middle Eastern countries, the potential for deeper, more beneficial partnerships has been limited by this unresolved dispute, which fueled widespread distrust and resentment across the region.

Trump now has a chance to deliver one of the most historic achievements of the 21st century: finally ending the Israeli-Palestinian conflict — not by endless negotiations that lead nowhere, but by pushing both sides toward a lasting peace.

Such a breakthrough would not only strengthen US interests and regional stability, but also would deal a devastating blow to the extremists and radicals who have always thrived on chaos and hatred.

This would also be a service to Israeli citizens, liberating them from the dangerous self-destructive policies of their extreme leadership.

Trump understands the language of prosperity. And prosperity cannot happen without security. He knows that for economic growth to flourish, peace must pre-

of transactional relation- American Jewish officials ships. That may be partially and business leaders to true, but in reality, a series apply real pressure on the of transactional deals can Israeli government — pressure that previous adminisnew and enduring strategic trations hesitated to use. For years, some factions focusing on meaningless within Israel have exploited

> During his first term, Trump gave Israeli Prime Minister Benjamin Netanyahu unprecedented political support: He recognized Israeli sovereignty over the Golan Heights, moved the US Embassy to Jerusalem, Israeli settlements, brokered the Abraham Accords, and delivered major financial and military aid. No US president had done more.

Yet Netanyahu responded with four major problems: no flexibility on Gaza, constant pressure to push the US into a war with İran, reckless military adventures in Syria, and country's history, conduct, alleged interference in US political affairs. From Trump's perspective, the Israeli leader took everyideology, and an all-out thing and gave nothing meaningful back.

Trump has now seen Netanyahu's true face, without filters. He also now clearly understands Saudi Arabia's longstanding position regarding the importance of resolving the Palestinian issue for lasting regional peace.

The US president is

unlikely to view Netanyahu as an asset anymore. Rather, he will see him as a free rider — a liability Washington can no longer afford if it is serious about Now, four months into an "America First" foreign policy. That does not mean the US will abandon Israel; quite the opposite. True friendship means helping Israel avoid its own selfdestruction and securing a future where it can peacefully coexist with its neighbors.

Trump now has a golden incremental steps that often opportunity to shift the longstanding dynamic of One major obstacle to the US taking dictation Eastern affairs. Instead, he can reestablish an independent American foreign policy that serves American interests first. And, as history often shows, what is good for America tends to be good for the wider world as well.

If a figure as bold as Trump cannot redirect this relationship, it is unlikely that any future American president can.

As a historical reflection, many believe the US replaced Britain as the world's leading power immediately after Second World War. But the true turning point came in 1956, during the Suez crisis, when the US forced Britain, France, and Israel to halt their aggression against Egypt. moment redefined global perceptions of power.

If the US still aspires to reclaim that kind of moral and strategic credibility, it must be willing to remind its allies, including Israel, of the natural order of partnership.

In the end, that will not only protect American interests, but also safeguard Israel's future by saving it from the dangerous path charted by leaders like Netanyahu.

Pope Leo XIV embodies the power of love, not the love of power Wadie Abunassar

delected Cardinal Robert Francis Prevost as the new pope, succeeding Pope Francis, who died on April 21. The new pope chose the name Leo XIV, inspired by his predecessors who bore the same name and by the symbolic meanings associworth reflecting on.

The name "Leo" means "lion." However, this lion American. But this fear is does not represent worldly power, but the power of love — following the example of Jesus Christ, the founder and greatest teacher of the church.

It is believed that the new pope chose this name more than 25 years in Peru, in honor of Pope Leo I, who in 452 met Attila the Hun, homeland, dedicating himthe invader of Europe who terrified the Roman emperor. The pope met him with-

ast Thursday, the out armies and persuaded College of Cardinals him not to attack Rome. Others believe he was

inspired by Pope Leo XIII, famous for his encyclical Rerum Novarum, issued on May 16, 1891 — a significant document defending the rights of the working class, which was suffering from exploitation and seriated with it, which are ous challenges at that time. Some people fear the

new pope because he is rooted in superficial analysis. First, it generalizes Americans in a way that is detached self to the weak and marginalized.

from reality. Second, it overlooks the fact that the elected pope left the US and served for South America, far from his

St. Peter's Basilica, he did refer to his American roots. Instead, he spoke in the cardinals, Spanish, addressing the diocese he once led in Peru.

The new pope said in his speech that he is an Augustinian, meaning he belongs to the Augustinian order, named after St. Augustine, who lived in North Africa (354-430). A core principle of this order is sharing what you have with others — unlike many political leaders today, who have but also seek to take what belongs to others.

It is worth noting that the new pope was elected relaround of voting by the marily the shepherd of the Notably, in his first College of Cardinals and largest spiritual body on populist leaders who enda-

speech from the balcony of less than 30 hours after the conclave began. not speak in English or reflects the strong confidence he enjoyed among having secured more than twothirds of their votes.

This may be attributed to his positive reputation during his service in Peru and his work alongside Pope Francis over the past three years as head of the Congregation for Bishops.

Many wrongly see the pope as merely a head of state. This is a common misconception among not only hoard what they politicians who expect the pope to support one side over another or align with a political faction. Though he leads the smallest state in tively quickly, in the third the world, the pope is pri-

earth, the Catholic Church. nger not only their people So, it is inaccurate to focus solely on the Vatican when discussing the pope. The Vatican is simply the

than 1.3 billion people. Most of the popes' positions and actions stem from their pastoral role, not from political motivations. Though historical context and politics have an influence, the vast majority of popes have aimed to emulate Christ, each with their own

approach and personality. I advise anyone looking for a mere "employee" in the pope to look elsewhere. The pope cannot endorse wrongdoing or stay silent in the face of injustice, especially in a world increasingly ruled by narcissistic and

but also global stability. Pope Leo XIV chose two

words as his motto: "Hope and Reconciliation." In an seat of the pope, who leads age of turmoil, hope still the Holy See, which holds lives. Like Christ, he wishspiritual authority over more es to offer hope to those walking in darkness and living in fear and anxiety. He also aims to promote reconciliation — building bridges with and among all people, fulfilling Christ's desire that we love one another as we love ourselves.

> I pray to the Almighty to support the pope in his new mission and grant him success for the good of all people, especially the faithful that he may face all challenges with the power of love, not the love of power, which is glorified by the wicked and, sadly, by some people as well.

This ecological stress graphic time-bomb on the farms. Because government

the land are aging fast. The sight of a 70-year-old farmer working alone in his field is no longer unusual.

In Tunisia, the median age of farmers has drifted upward into the senior years, leaving fewer energetic hands to adapt to climate challenges or adopt new techniques. When the old farmers age out, who will replace them? The danger is that local food production capacity simply withers away through attrition, even as climate change makes it ever harder to grow crops.

Meanwhile, African countries have talked up grand schemes -Algeria speaks of "greening" the Sahara with new farms, Morocco experiments with drought-tolerant grain varieties, but progress is slow and often superficial. The hard truth is that it is easier for leaders to import shiploads of wheat than to undertake the politically thankless work of overhauling irrigation systems, land policies, and rural investment.

But that easy path is now leading to a dead end, and the signs of strain are everywhere. The politics of food in North Africa is fast approaching a dangerous precipice. The old bargain of authoritarian stability in exchange for guaranteed bread is unraveling under the weight of climate change and economic reality.

governments Algiers, Rabat, Tunis, and Tripoli cannot pivot from emergency measures to genuine reform, they risk a future where they can no longer afford to feed their people who, in turn, can no longer afford to wait. The cost of failure will be measured not just in import bills or inflation percentages, but in upheaval on the streets and empty villages left behind. In a region where bread has always been political, it may soon

Why Turkiye-UK ties are soaring

Dr. Sinem Cengiz

tion agreement signed last week between Turkiye and the UK marks the latest step in a growing relationsĥip, reflecting how Ankara and London are drawing closer as their strategic interests increasingly align.

The Turkiye-UK Defense Industry Cooperation Council Charter was officially signed by the two countries, formalizing and institutionalizing their collaboration in the defense refugee crisis and the growsector. This agreement marks the beginning of a new phase in strategic between cooperation Ankara and London. Citing a "changing global security environment" and "common threats," these two NATO allies highlighted the importance of deepening their ties in the defense sphere. In 2023, the Turkish and

British defense ministers signed a statement of intent on defense cooperation, which included plans for joint training exercises and enhanced security collaboration. Another clear sign of the deepening defense ties between the two countries is the negotiations over a potential sale of Eurofighter Typhoon jets to Turkiye — a deal reportedly valued at nearly \$10 billion.

When Keir Starmer

assumed office as prime minister last summer, there were concerns that Turkiye-UK ties might lose the momentum they had gained over the past decade, particularly with the shift to a Labour government. However, contrary to these concerns, Starmer gets along well with Turkiye's leadership. He was even criticized by the leader of Turkiye's largest opposition party, who accused him of overlooking domestic political issues in Turkiye while focusing on regional security concerns, such as developments in Syria. Since taking office, Starmer has held phone calls with Turkish President Recep Tayyip Erdogan and met him on the sidelines of international forums. including COP29 in Baku and the NATO Summit in

Washington. This signals a shift in London's foreign policy toward a more pragmatic approach, recognizing Turkiye's increasing significance in the Middle East While there are differing views within the Labour government on Ankara. regional flashpoints such as Syria, Gaza and Ukraine have driven the UK to prioritize cooperation with Turkiye — a crucial NATO ally. The UK has also refrained from publicly commenting on Turkiye's support for Azerbaijan during the 2020 Nagorno-Karabakh conflict, indicating its desire to maintain strong relations with both

Ankara and Baku. Although the UK had lobbied for Turkiye's accession to the EU, its own departure from the bloc has significantly reshaped its relationship with Ankara. Brexit has, in many ways, opened a window of opportunity for the UK to strengthen defense and economic ties with Turkiye, including rejuvenating talks on a free trade agree-

ment. Turkiye today views the UK as a valuable partner in several key areas other than defense, including investment, migration policy and trade. A major point of convergence between the two countries is the issue of illegal migration, particularly Turkiye and the UK have its economic and pol in light of the UK's stricter similar concerns is the interests in the region.

Brexit. Some analysts have even suggested that one of the driving factors behind the UK's decision to leave the EU was concerns over Turkiye's potential membership, which could have led to increased refugee flows from conflict zones into Europe

Ultimately, both Turkiye face similar challenges, including the weakening of the EU, the escalating ing threat of Russian aggression. Both countries have opposed Russia's actions in Syria and Ukraine, though Ankara has skillfully navigated its relationship with Moscow, talize cooperation on certain issues. One example of defense

The defense coopera- immigration policies since ongoing war in Gaza. British Foreign Secretary David Lammy recently acknowledged for the first time that the UK was working with France and Saudi Arabia on recognizing a Palestinian state ahead of a key UN conference in June. Furthermore, the UK and the Palestinian Authority last month signed a memoand the UK have had to randum of understanding on strategic cooperation, which included joint efforts to plan for Gaza's future in alignment with Arab and Palestinian initiatives.

To close ranks with the regional powers, British Defense Secretary John Healey last November paid visits to both Saudi Arabia and Turkiye, where discusmanaging to compartmen- sions centered on regional security and deepening this is Turkiye's purchase Strengthening ties with

Turkiye today views the UK as a valuable partner in several key areas other than defense, including investment, migration policy and trade. A major point of convergence between the two countries is the issue of illegal migration, particularly in light of the UK's stricter immigration policies since Brexit. Some analysts have even suggested that one of the driving factors behind the UK's decision to leave the EU was concerns over Turkiye's potential membership, which could have led to increased refugee flows from conflict zones into Europe. Ultimately, both Turkiye and the UK have had to face similar challenges, including the weakening of the EU, the escalating refugee crisis and the growing threat of Russian aggression. Both countries have opposed Russia's actions in Syria and Ukraine, though Ankara has skillfully navigated its relationship with Moscow, managing to compartmentalize cooperation on

certain issues. One example of this is Turkive's purchase of the Russian S-400 air defense system, which concerned the UK, as London prefers Ankara to strengthen ties with NATO allies rather than Russia in the defense sector. There is also the US factor. NATO has been facing serious challenges due to the shift in America's focus from Europe to the Pacific, Washington's approach to Russia and the weakening military

strength of the alliance's members. Therefore, the UK has placed defense cooperation at the core of its deepening relationship with Turkiye.

of the Russian S-400 air Turkiye and other regional prefers Ankara to strengthrather than Russia in the defense sector.

There is also the US factor. NATO has been facing serious challenges due to the shift in America's focus from Europe to the Pacific, Washington's approach to Russia and the weakening military strength of the members. alliance's Therefore, the UK has placed defense cooperation at the core of its deepening

relationship with Turkiye. In addition, Turkiye's growing role in the Middle East — a region in which the UK has key strategic interests — is another driver of the strengthening relationship. One of the most pressing issues on which

defense system, which con- powers, such as Saudi cerned the UK, as London Arabia, presents the UK with an opportunity to exert en ties with NATO allies or maintain its influence in the Middle East.

Syria is another area of interest. During a meeting between top Turkish and British diplomats in March, Turkiye and the UK discussed the unconditional removal of sanctions on Syria, focusing particularly on restoring financial flows to the country.

Ankara and appear to be mutual beneficiaries of this closeness, as their national interests outweigh their political differences. For Turkiye, the UK provides the opportunity to cooperate with a NATO ally that is not constrained by the EU's conditions, while for the UK, Turkiye serves as a gateway to both its economic and political

New EU roadmap resets energy relationship with Russia

S President Donald within 24 hours of assumto end all Russian energy ing office. Yet, more than imports to the EU by 2027 100 days into his second term, the conflict continues, before its eventual release with no end in sight and on Tuesday. key players in Europe now planning for a potentially

'long game" ahead. This development coincides with the 25th anniver- Dan Jorgenson said "no sary on Wednesday of more will we permit Russia Vladimir Putin's first election win as Russian presist us. No more will we dent. A quarter of a century on, Putin's rule looks likely be blackmailed. No more to continue into the medium term at least, even if his hold on power sometimes seems fragile. He may even decades in office during the time of the Soviet Union.

In this context, and with uncertainty over US policy, despite the recently agreed US-Ukraine minerals deal, Europe is planning with a longer-term horizon. Not even years, there is also a into the 2030s.

Since European Commission Ursula von der Leyen key decisions on Russia tion in coming months.

previously to find a have been repeatedly postwas delayed twice this year

> The plan's release this week may, therefore, prove hugely important. European Energy Commissioner allow our member states to will we indirectly help fill up the war chest in the Kremlin."

He highlighted that last Joseph Stalin's year EU countries still paid record of around three about €23 billion (\$26 billion) to Russia for energy. Moreover, so far in 2025, the EU has imported over €5 billion of Russian energy, according to the Center for Research on Energy and Clean Air.

Key measures and time only might the Ukraine war frames, in what is now endure for months, possibly intended as a big last push to end the bloc's reliance on possibility that Putin could Russian fossil fuels and remain Russian president nuclear materials, are very ambitious in the period to 2027. The plan rests heavi-President ly on the EU's political er Leyen will, and this will be fortibegan her second five-year fied with several legislative term in December, some proposals for implementa-

Bussi sets women's record

AGUASCALIENTES (Agencies): Vittoria Bussi broke cycling's hour record for women for a third time on Sunday. The Italian rider covered a distance of 50.455km on the Velodromo Bicentenario

Aguascalientes, Mexico. The 38-yearold set the new mark after abandoning an attempt just over the halfway point on Saturday. Bussi held the previous record having become the first woman to break the 50km barrier when she covered 50.267km on the same velodrome in October 2023. She also held the hour record for three years from September 2018 to September 2021, when her mark of 48.007km was bettered by British rider Joss Lowden (48.405km). Dutch rider Ellen van then covered 49.254km in May 2022, before Bussi regained the record in 2023. "I can say with a smile that I contributed to the history of the hour record for women," said Bussi. "This record has always been really special to me as an athlete and as a person, and I hope I have transmitted to young generations and people that sport is not just an athletic performance but that athletes bring messages to the world. "'The hour' taught me that one of the most important things in life is to understand the preciousness of time in every single instant of our life." The

attempt another world Aguascalientes - the women's 4km individual. The record has been lowered several times since the distance for the women's individual pursuit was increased from 3km to 4km in January, making it the same as the men's event. British rider Anna Morris holds the current record of four minutes 1.060 seconds, set in Manchester in February.

Celtics claim vital win

Agencies): The Boston Celtics dominated the New York Knicks in game three to cut the deficit to 2-1 in their NBA Eastern Conference play-off semi-final. The Celtics blew 20-point thirdquarter leads in the first two games of the bestof-seven series in Boston as the Knicks mounted stunning comebacks against the reigning NBA champions. But the visitors made no mistake in New York, moving into a 71-46 lead at half-time and remaining ruthless to see out a vital victory. The Celtics rediscovered their three-point shooting ability that deserted them in the first two games, hitting 50% of their shots from beyond the arc in Madison Square Garden. Payton Pritchard led the Celtics with 23 points, while star Jayson Tatum added 22. Jalen Brunson hit a game-high 27 points for the Knicks. "I don't think we came with the mindset of being satisfied, but I think it was just subconsciously satisfied being up 2-0," Brunson said. "Just not the way we need to approach the game." Game four is in New York on Monday. Timberwolves grab series lead over Golden Timberwolves State Warriors Anthony Edwards scored a gamehigh 36 points as the Minnesota Timberwolves moved into a 2-1 series lead over the Golden State Warriors. Edwards scored three three-pointers in the fourth quarter as the Timberwolves came from behind to claim a 102-97 victory.

Foundation announces PKR 50m in honor of Pakistan's Air Defenders

ISLAMABAD (APP) Chairman Peshawar Zalmi and Zalmi Foundation, Javed Afridi, has announced a heartfelt tribute of PKR 50 million to the valiant Air Defenders of the

This tribute comes in light of the recent events that posed a serious threat to national security and public safety. In a situation that could have resulted in significant damage and loss of life, the swift, precise, and heroic response Pakistan's Air Defenders ensured that no harm was compromised, said a press release issued Sunday

"Their unwavering courage, dedication, and sacrifice are the heartbeat of our national pride. Today, we honour them not just with words, but through meaningful action," said Javed Afridi

This contribution is more than a gesture, it is a powerful symbol of national solidarity and deep respect for the heroes who shield our skies with unshakable resolve.

It reflects the Zalmi Foundation's enduring mission to stand beside those who serve the nation with honour.

Barca edge Real Madrid in thriller

BARCELONA Barcelona mounted a Sunday and move to the brink of the La Liga title.

Kylian Mbappe scored a hat-trick for Madrid but Raphinha's double and goals from Lamine Yamal and Eric Garcia gave Barcelona a seven-point lead on the reigning champions with three matches

remaining.

Hansi Flick's side were knocked out of the Champions League in the semi-finals by Inter Milan on Tuesday and risked their season collapsing if they were beaten by Madrid, but they resisted after Mbappe's early brace.

Barcelona battled back to claim a fourth Clasico victory from four meetings this season, showing their dominance over Carlo Ancelotti's side.

"We've opened up an important gap, it was key to win this game after the Champions League (defeat), the fans have forgotten it and so have we, let's enjoy this," Yamal told Movistar. "It was important to

win today to bring the league title closer and it went very well, we're very Real Madrid had made the perfect start to what is

expected to be the Italian coach's final Clasico at the helm. Mbappe earned a penaly when he was scythed

down by Barcelona goalkeeper Wojciech Szczesny, although the Catalans complained in vain the French forward was offside in the build-

(AFP): keep it out.

spectacular comeback to Mbappe doubled Madrid's beat Real Madrid 4-3 on advantage with a lethal finish after Vinicius played Junior through, with Barcelona complaining again about a perceived foul on Yamal

earlier in the move. It was his 26th La Liga strike, taking him past Barcelona's Lewandowski on 25 at the top of the scoring charts, and his 38th of the season across all competitions, beating Ivan Zamorano's club record of 37 in a first season with Los Blancos.

Just as they have done on so many occasions this season, Flick's spirited young Barcelona fought their way back in front with a stirring comeback.

Thibaut Courtois tipped Gerard Martin's drive over, and from the corner Garcia headed home Ferran Torres' flick-on.

Torres flicked wide from close range with an improvised effort and Fede Valverde was booked for a crunching tackle on whirlwind teenager Yamal.

Madrid could not stop the 17-year-old star from levelling with a cultured bending effort beyond Courtois after Torres laid the ball off to him in the

Raphinha brace Two minutes later,

Raphinha sent ahead, with Pedri threading a pass through for the Brazilian winger to drill

from a brilliant Yamal cross with the outside of his boot, something of a trademark for the Spain international.

Mbappe thought he had won another penalty when right way and got his fin- he fell under pressure

VAR revealed an offside In the 14th minute in the build-up.

Moments Raphinha netted his secpicking ond, Lucas Vazquez's pocket on the edge of the area, exchanging passes with Torres and beating Courtois.

Mbappe netted from an

offside position before the break, bringing a roller-Robert coaster first half to a close. Yamal had a goal ruled

out for offside early in the second half as Barcelona looked to put their archrivals to the sword.

Flick brought on Alejandro Balde and Andreas Christensen, with the latter cutting out a dangerous ball as Vinicius looked for Mbappe.

Next time around the Brazilian found his man, with Mbappe slotting home his hat-trick as he and Vinicius broke in behind Barca's high line.

Barcelona appealed for a penalty when Aurelien Tchouameni Torres' shot with his arm, but after watching the incident again the referee decided not to award a penalty.

Real Madrid substitute Victor Munoz might have levelled late on but fired high and wide when sent through, and Szczesny denied Mbappe, who had another strike ruled out for offside.

Barcelona thought they had wrapped up their win with a superb Fermin Lopez solo effort but it was harshly disallowed Raphinha headed over for handball against the midfielder.

Madrid had no time left to fight back though, and Barcelona, who last won the league in 2023, could seal the title as early as Wednesday, should Los Blancos stumble against

Zverev cruises into Rome last 16, Sabalenka battles past Kenin

ROME (AFP): Alexander Zverev continued his Italian Open title defence by cruising past qualifier Vilius Gaubas and reaching the last 16, as Aryna Sabalenka progressed with a battling 3-6, 6-3, 6-3 win over Sofia Kenin.

Zverev barely broke a sweat on centre court against Gaubas, easing to a 6-4, 6-0 win to set up a last-16 clash with France's Arthur Fils. The world number two took one hour 26 minutes to see off Gaubas, suggesting that the burn-out he said he was suffering earlier in the year might be behind him.

Zverev is hoping a good defence of his Rome crown will set him up to go one better than last year at the French Open and be crowned champion.

But he will face a much tougher test against Fils, who beat Stefanos Tsitsipas 2-6, 6-4, 6-2, than the one put up by Gaubas.

"In the beginning it was a bit difficult for me, it was also very, very windy," said Zverev. "The wind really calmed down after the first set and then it's easier to get into a rhythm, easier for me to have clean strokes."

It was a good day for French players in the men's tournament with Fils' win world number 83

Corentin Moutet shocking lowed Sabalenka on centre Holger Rune 7-5, 5-7, 7-6 (7/4) on the picturesque Pietrangeli court to claim his first ever win over a top-10 player. Fils came through an eventful match with former Rome finalist Tsitsipas which ended with the pair arguing over the net.

gies after the Greek accidentally hit his opponent with a shot in the seventh game of the second set, sparking a post-match row come down from his chair.

In brief

Short circuit sparks fire

RAWALPINDI (APP) A sudden fire broke out in the storeroom of the officers' wards Benazir Bhutto Hospital (BBH) in the jurisdiction of the Waris Khan Police Station on Saturday. The initial reports suggest that the fire started due to a short circuit. As soon as the incident was reported, Rescue 1122 teams quickly reached the scene and brought the fire under control. Due to the quick response and professional work of the rescue teams, there were no injuries or serious financial losses. According to the hospital administration, only some files and a small amount of equipment in the storeroom were damaged.

Police conduct crackdown

RAWALPINDI (APP): Rawalpindi Police have launched a crackdown following arrest of four liquor suppliers and recovered a large quantity of liquor from their possessions. According to police spokesman, operations were carried out in the areas of Pirwadhai, Taxila, and Saddar Wah. During the operation, police have recovered 35 liters of liquor and 30 bottles of branded liquor from the suspects. Cases have been registered against the arrested individuals, and further investigations are underway. Divisional SPs commended police teams and said the police are taking strict action to stop the supply of liquor and eliminate this illegal activity from the region.

Six men with illegal arms held

RAWALPINDI (APP): Police have arrested six illegal arms holders and recovered arms, ammunition from their possession during operation Sunday on According to police spokesman, the arrests were made in different areas. Police have registered separate cases gainst all of them and further investigation was in progress. Divisional SPs appreciated the performance of police teams and said that strict action against illegal arms holders will be continued. Meanwhile, R.A Bazaar police have arrested a man involved in the theft and recovered Rs 18,000 and other stolen goods from his possession. SP Potohar Talha Wali said that strict action will be continued against those who deprive citizens of valuable assets.

WASA support armed forces

RAWALPINDI (APP) Water and Sanitation Agency (WASA) on Sunday organised Youm-e-Tashkar' rally to express unwavering support for the defenders of the motherland. The rally aimed to express gratitude to Allah Almighty for the success of Operation "Banyan Marsus" and to congratulate the nation on this historic success. The participants carried national and banners inscribed with slogans in support of the armed forces. The atmosphere echoed with loud chants like "Long Live Pakistan Army", "Down with Army", "Down with India", "We are proud of our army", and "Pakistan Zindabad". MD WASA Muhammad Saleem Ashraf, while addressing the rally, said that "Banyan Operation Marsus" had shattered the dream of Indian supremacy and forced the enemy to cease fire. He further said that the nation was proud of this success, and WASA Rawalpindi stands by the Pakistani forces. Saleem also called on the international community to play its effective role for a lasting and just solution to the Kashmir issue so that lasting peace could be established in the region. At the end of the rally, special prayers were offered for the security, development and the freedom of the

Minister Aleem Khan on Sunday said that Pakistan Army has raised the nation's head with pride by crushing the enemy's arrogance.

He said once again, we have stood successful in the battle of truth and falsehood. Congratulations to the entire nation on today's glorious and great victory, said a press release. President of the Istehkam-e-Pakistan Party Abdul Aleem Khan said that today is the day to recall sayings of Allama Muhammad Iqbal regarding the victory for the Muslims against the enemy which we have done a hundred times in the history.

Aleem Khan said that we all pay tributes to the Pakistani Army and the Air Force, who have demonstrated their capabilities to the whole world by proving their superiority in the skies. The minister further said that Pakistan has also proven to be a responsible state in war and the excellent strategy of the military leadership has yielded excellent results and victory was destined for Pakistan.

ANF recovers 122 kg of drugs worth Rs 162.4 m

RAWALPINDI (APP): The Anti-Narcotics Force (ANF), conducting four operations across the country, recovered as many as 122 kg of drugs worth more than Rs 162.4 million and arrested five suspects, including a Nigerian, said an ANF Headquarters spokesman on Sunday.

He informed that 40 capsules containing 760 grams of cocaine were recovered from the stomach of a Nigerian at Allama Iqbal International Airport, Lahore. In another operation, 6 kg of hashish was recovered from a vehicle in Sector G-9, Islamabad and two suspects were arrested.

Similarly,5.250 kg of hashish was recovered from a rickshaw near Chugi No-26, Islamabad and two suspects were nabbed. As much as 110 kg of heroin was recovered near Shanglona Check post in Loralai area of Qila Saifullah. Cases have been registered against the arrested accused under the Narcotics Control Act, and further investigations are underway.

Two street criminals arrested

RAWALPINDI Police have arrested two members of a gang involved in street crimes and recovered 3 stolen motorcycles, cash amount Rs. 4,300 from their possession during crackdown here Sunday. Police have also recovered weapons used in the crimes. According to According to police spokesman, Bani Police held members of a gang involved in street crimes and registered separate cases against both of them.

SP Rawal Muhammad Haseeb Raja commended the police team and said that the detained persons would be chalaned in court with solid evidence. The protection of life and property of citizens is the top priority for which all resources are being utilized, he added.

However, several of the ousted academics said they had not received their salaries for the past two months and key provinces, including described what they called a coercive religious environment on campuses. Professors were reportedly required to attend congregational noon prayers daily and participate in mandatory Islamic guidance ses-

sions twice a week. Some analysts believe of a broader Taliban effort to reshape the country's academic institutions by "Everyone on the list has removing independent or critical voices and replacing them with ideologically aligned figures.

The Taliban had previ-

spread international condemnation. Taliban-run wave of dismissals now Higher appears to target male faculty as well, raising further concerns about the future of Afghanistan's already embattled university system.

According to sources, at least 200 university lecturers from Kabul, Herat, and Balkh universities have left Afghanistan since the Taliban's return to power in August 2021.

This exodus is part of a broader trend of brain drain affecting the country's higher education sector. The departure of these academics has led to signifithe mass dismissals are part cant staffing shortages, some departments with operating with only one lecturer remaining.

Factors contributing to this situation include a 50% reduction in salaries, restrictions on female faculty members, and ideologously barred women from ical pressures imposed by
